

# A FINE SYNTHESIS OF CLASSIC ELEGANCE!

البقاع المصنوع للرخام ش.م.م.  
*Five Continents Marble LLC*

# Live Life in Color

## In the Beginning!

Five Continents Marble Company, (5CM) is proud to be recognized as Oman's largest and foremost importer in the architectural world of marbles and granites. Since its inception in 2003, it has been the only company to supply thousand of square meter of imported marble in the country and beyond. 5CM is also the biggest supplier of natural marble and exotic granites along with other stones procured from the finest quarries in the world.

Headquartered in the heart of Muscat, in Al Ghoubra, 5CM operates with exclusive showrooms and stockyard sprawling over 30000 square meters area. Five Continent Marble remains committed in offering a broad range of unique and exclusive natural stones, facilitating the ideal choice of material. At 5CM our commitment has paved the wave to the highest quality standards and trends with a focus on fast evolving customer preferences, market demands and advanced technologies for manufacturing world-class products.

# QUALITY IS OUR PRIORITY

## Core Vision/Values

### Reliability

5 Continents Marble believes in reliability – in quality, work ethics, delivering results on time and establishing long term customer relationships.

### Diligence

There's no short cut to success; delivering real value through hard work. We work harder and push our standards, ever higher to compete with only the best.

### Growth

Progressive and adding value to space with grandeur, finesse and unmatched quality, staying forever true to the principles 5CM was founded on.

### Home to Class & Finesse!

Primarily specializes in importing and supplying some of the most cherished and international class quality marbles, granites and exclusive stones sourced from the finest quarries all across the world. 5CM prides in the widest medley of rare and contemporary marbles, exotic granites and exquisite stones to adorn every space of your choice.

In the relentless pursuit of excellence, Five Continent Marble consistently strives to attain global leadership through quality and class by providing design solutions, suitable for the society. In sync with changing trends, Five Continent Marble produces exotic, engineered marbles, the widest range of granites and superb stones to cater to the ever evolving market demands and needs for adaptable designer products.
